

REPORT

OF THE

CHIEF ELECTORAL OFFICER

OF

PRINCE EDWARD ISLAND

For the Provincial General Election of 27 September 1982

Charlottetown
Prince Edward Island
January 5, 1983

The Speaker
Legislative Assembly
Province of Prince Edward Island

Dear Madame:

I have the honour to submit the Report of the Chief Electoral Officer pursuant to Section 122 of the *Election Act*, R.S.P.E.I. 1974, Cap. E - 1.

The Writ of Election was issued on 31 August 1982, with Polling Day set for 27 September 1982. Due to the fact that an enumeration had not been carried out since 1977, the preliminary list of electors was the same list as used in the 1979 general election. As a result, the ten day voter registration period following the issue of the writ saw 19,372 electors either register for the first time or change their place of residence from one polling division and/or electoral district to another. The large number of additions and/or changes created many problems with the result that the final list of electors was less than satisfactory.

Also, due to the fact that an enumeration had not been carried out, many electors whose names were on the list of electors for the 1979 general election were not qualified to vote in the 1982 general election because they were no longer resident in the Province. Without an enumeration, there was no way to remove their names from the list.

My main recommendation is, therefore, that the Legislative Assembly should amend the *Election Act* to either:

- (a) provide for a general enumeration immediately before every general election
or
- (b) provide for a general enumeration 34 - 40 months after the last election.

Further recommendations concerning the conduct of a general election are contained in Appendix "A" to this report.

I would also like to thank Premier James Lee, Mr. Joseph A. Ghiz, Mr. David Burke, candidates and party workers for their assistance and co-operation during the election period. The members of the Legislative Assembly should also be made aware of the long hours and devotion to duty of the Returning Officers and their Clerks for the 16 electoral districts in the Province. Without the support and co-operation of all concerned, the election period would have been much more difficult than it was.

Respectfully submitted,

Arthur J. Currie
Chief Electoral Officer

APPENDIX "A"

Recommendations concerning the conduct of the general election of 27 September 1982 and suggested amendments to the *Election Act* 1974, R.S. P.E.I., Cap. E - 1.

OBJECTIVE

To bring to the attention of the Legislative Assembly certain matters relating to the *Election Act* and the general election of 27 September 1982 and to suggest amendments to the *Election Act*, which amendments are designed to facilitate the more efficient conduct of an election.

1. BALLOT BOXES

In the Report of the Chief Electoral Officer for the Provincial General Election of 23 April 1979, it was recommended that the Province of Prince Edward Island appropriate moneys for the purchase of ballot boxes. I am pleased to report that the Chief Electoral Officer of Canada, Mr. Jean Marc Hamel, has kindly consented to this province having access to federal ballot boxes for all general elections at no cost to the province.

2. ENUMERATION

As hereinbefore set forth in my letter to the Speaker of the Legislative Assembly, the fact that a general enumeration was not conducted before the general election caused a multitude of problems for the staff of the Chief Electoral Office, candidates and party workers alike. During the ten day voter registration period, 19,372 new electors or electors changing polling divisions and/or electoral districts were processed. Given the large number of additions and/or changes to the list of electors, there was insufficient time for the list to be checked and double - checked for accuracy. Also, for some unexplained reason a number of electors who were on the 1979 list of electors were deleted from the 1982 list and as a result these electors were required to swear an electors oath on polling day.

The final list of electors for the 1979 general election contained the names of 78,517 electors. The final list of electors for the 1982 general election contained the names of 87,473 electors - a difference of 8,956 electors. A large percentage of these 8,956 electors were persons who, since the 1979 election, had moved from the Province. However, without a general enumeration there was no way to remove their names from the list.

RECOMMENDATION

It is recommended that Section 5 of the *Election Act* be amended to provide for the carrying out of a general enumeration immediately before every general election or in the alternative, that Section 31 (1) of the *Election Act* be amended to provide for a general enumeration 34 - 40 months after the last general election.

3. SOCIAL INSURANCE NUMBER

As in 1979 the use of the Social Insurance Number in compiling the official list of electors for the 1982 general election was the subject of controversy. A number of qualified electors refused to give their social insurance number and as a result were not on the official list of electors. A percentage of those who refused to give their social insurance number also indicated that they would not exercise their right to vote because they would not swear the electors oath on polling day.

If the election period is extended to provide for a general enumeration before every general election it may be possible to eliminate the use of the social insurance number in preparing the final list of electors. This would represent a major undertaking by all persons concerned with the conduct of elections because competent enumerators would have to be appointed well in advance of the issue of a Writ of Election. Schools for enumerators would have to be given and the list of electors prepared with the emphasis on speed and accuracy - terms which are not always compatible. However, with amendments to the *Election Act* and competent persons ready to commence the enumeration immediately after the issue of the Writ of Election, accurate and up to date election lists could be ready within ten days.

4. PROXY VOTING

Proxy voting again caused problems during the election however, the problems were fewer and not as serious as in the general election of 1979. Allegations concerning the misuse and abuse of proxies were brought to the attention of the Chief Electoral Officer. Most of the allegations were discussed with either the candidates or their party headquarters and resolved with the co-operation of all concerned.

RECOMMENDATION

It is recommended that

- 1) proxy voting be eliminated and a workable alternative found to enable those persons who are unable to attend at the polls on polling day to cast their vote or
- 2) proxy voting be limited to proxy certificates being issued to members of an electors immediate family only.

5. ADVANCE POLLS

It has been the custom to combine electoral districts for the purpose of the advance polls. For example, the advance poll for the Third, Fourth and Fifth Electoral Districts of Kings was held in one location. As a result, given the large number of electors who voted at the advance poll, Deputy Returning Officers were hard pressed to keep the waiting time for electors to a minimum and at the same time insure that the ballots were deposited in the proper ballot box. Accordingly, for the next general election, it is proposed to establish and locate an advance poll in a central location in each electoral district for the convenience of electors.

It should also be noted that to vote at an advance poll the elector's name must be on the official list of electors, (s. 85 of the *Election Act*). On Polling Day, an elector whose name is not on the official list of electors may swear an elector's oath and vote. Consideration should be given to amending the *Election Act* to provide for the swearing of an elector's oath at the advance poll where an elector's name is not on the list of electors.

6. There are numerous "housekeeping" amendments which should be made to the *Election Act*. For example, Section 9, Subsection 2 of the *Election Act* is no longer necessary and should be deleted from the Act. Many of these "housekeeping" amendments have been addressed by the Legislative Counsel and await scrutiny by the House Standing Committee on Electoral Reform and/or the Legislative Assembly.
